a life like any other

We are seeking your help and assistance, so that we can continue to operate our autism groups.

Enrich+ works alongside those living with; disabilities, autism or neurodiversity, their whānau and community to live *a life like any other*.

Our unique, personalised programmes ensure individuals gain the skills needed to achieve their goals. From navigating social situations, building meaningful relationships, transitioning from school, adjusting to independent living, or gaining employment, our team works with individuals and their whānau to give them the tools to realise their potential and achieve their goals.

At Enrich+ as part of our range of services, we offer four small group sessions (Kids+, Teens+, Youth+ and Tabletop+) for people aged five to 25 years old, catering to those with autism and other neuro-diversities. These groups focus on supporting people to grow through personal development, increased independence, positive interaction and enhanced community relationships.

Our Enrich+ Autism Groups are often the highlight of the week for many of our attendees.

Caregivers say that *"the laughter they hear during the group is awesome"* and one client says *"I have learnt how to make friends...there are people who share my interests and understand me."*

These groups have such a positive impact, not only on the attendee, but also their family's lives.

OUR SESSION RUNNING COSTS

FULL SESSION COST \$35.00 (per person)		SHORTFALL PER PERSON, PER SESSION, APPROX. \$15
		INDIVIDUALS PAY \$20 PER SESSION

At present these groups run with a shortfall of \$15 per person/per session. Therefore, we are reaching out, looking for support from individuals, and organisations such as yours.
