

# SUPPORTING PEOPLE *into* EMPLOYMENT

## SUPPORTED EMPLOYMENT service

### WHAT WE OFFER

At Enrich+, we work with people aged 16 and older who have intellectual and physical disabilities, mental health and autism to gain employment and reach career goals. Our employment brokers are experienced in disability and autism employment and are committed to the values and principles of the National Supported Employment Practice.

### HOW IT WORKS

One of our specialist Support Employment facilitators will meet with the client and discuss their goals and aspirations for attaining paid employment. They then look at what skills that person has, what skills they need, the areas in which they would like to work, and any challenges that might be in the way. They then assist the client to find potential jobs that are right for them. Best of all, our help doesn't end when our clients begin work. Clients will also receive post-placement support, including on-the-job coaching and training, if needed.

### LOCATIONS

Our Supported Employment service is available in the **Waikato** and **Bay of Plenty** regions.

### HOW TO ACCESS THESE SERVICES

**Contact us** via our website, by email or phone, to discuss your next steps.

### MORE INFORMATION

For more information and to access our services, Visit the **Supported Employment** page on our website by clicking [HERE](#)  
Phone us on **0800 367 424** or Email [info@enrichplus.org.nz](mailto:info@enrichplus.org.nz)

## WORX service

**WORX** is for people with a disability (intellectual or physical), mental health difficulties, and those on the autism spectrum. It is for people who would like the opportunity to be in a mix of paid (or unpaid) work, whilst learning the 'soft skills' such as:

- What an employer needs and wants from an employee
- How to build time management and presentation skills
- How to develop social skills for the workplace
- How to follow instructions and work with a supervisor

All while receiving relevant feedback, that helps to improve workplace skills and experience.

## other services we offer...

At Enrich+ we take a holistic approach to encourage social interaction, life skills, community activities and employment, and further support to foster overall wellbeing. Our help doesn't end when you finish your group sessions; our expert, innovative and passionate team can assist you in other key life areas, such as:

**Specialist Support, Autism Education, Supported Living, Supported Employment and School Holiday Programmes.**
